

Upcoming Referee Recertification or Entry Level Courses

Information about upcoming referee training classes or returning referee recertification classes can be found at www.gareferees.com.

Select the tab "Sign Up for Classes" and follow the instructions.

New referees need to take the "Entry Course R9"

Note:

Courses hosted by youth soccer clubs are open to anyone. Taking a class at a nearby club does not mean that you have to referee for that youth organization. The course is only hosted by that club but the instructors are certified instructors assigned to that class by the GA Referee Association. You may take the course at any location or date that is convenient for you and then return to your home club and referee.

Once you have been certified please contact Ken Flynn or select the tab "How do I get games assigned to me?" tab and follow the directions.

Good luck.
